EMS-D120 WITH SUPER BRIGHT SCREEN

The EMS-D120 with Super-Bright Screen is a large screen Engine Monitoring System (EMS) that blends traditional analog gauges with newer digital technologies. The EMS-D120 replaces up to 16 different types of gauges which are displayed on a stunning 7.6 diagonal color screen. The sunlight-readable, color display and softkey menu system result in a user-friendly instrument that enhances overall safety and peace of mind. Includes: Instrument, Mounting Tray, Installation Guide, and Pilot User Manual. Does not include probes. Drop Ship item please allow 12 weeks for delivery.
